

Dear colleagues in ministry.

Greetings!

AGST Alliance, Bible College of Malaysia and Malaysia Bible Seminary are pleased to invite applications for the **July 2016 intake** of the **Doctor of Ministry (DMin) in Leadership** program. The purpose of this program is to provide advanced professional training for those who are currently engaged in pastoral and Christian leadership.

This program is non-residential, modular and part time. Through the six modules and final dissertation, participants will have the opportunity to *evaluate* their current ministry practice and context, to *interact* theologically with important historical and contemporary resources, and to *formulate* approaches that will guide their ministerial practices. Modules are led by competent facilitators and thinking practitioners.

Our DMin in Leadership is a partnership program between AGST Alliance, Bible College of Malaysia and Malaysia Bible Seminary. Apply to the program through one of these seminaries, and graduate with an award from that seminary.

If you are a pastor or leader in Christian ministry and you are seeking further leadership development, we encourage you to consider this program.

**Important dates to note:**

Please apply by April 15, 2016.

The first module you would participate in is *Ministry Leadership: Issues and Challenges*. The module spans 1 July-30 October, with an on-campus intensive from August 25-30, 2016.
